Skyrocket your career with #rheinschrift

Are you a motivated freelancer for #translation, #localization, #transcreation and more language related tasks, mainly for the language combination #English>German? The countdown is on for working together!

Subjects we currently need support with are HR, Marketing, IT & Finance but we also welcome freelancers for the various subjects we work with. CAT tools are a must and the most common to be used are MemoQ, Memsource, XTM and TWS. We are looking for linguists with German as their mother-tongue. Good style and a careful way of working while applying reference material and adhering to instructions is very important to us. We also highly appreciate flexibility, good communication skills and of course on-time delivery. Interested? Get on board...
